## PROGRESS IS SEEN ON RIGHT-OF-WAY

### SAN ANTONIO FIRM'S LOW BID ACCEPTED

Mr. Thunder roared and Mr. Lightning cracked at the called meeting the City Council Tuesday night.

No sooner than the roll call and the minutes were approved, Mayor Green arose and asked if there was anything that any of the visitors would like to bring before the council.

Charlie Smith, young attorney, said that sometime ago a group of people came to him for legal advice on the petition that has currently been circulated, in calling for the City Council to call an election for the issuance of bonds in securing the right-of-way for highways 190 and 36 through the city of Cameron, and that he had been employed by this group of people in presenting this petition.

Mr. Smith said that he was chiefly interested in securing the right-of-way and thought that an election should be called to vote bonds, in securing it. There were around 166 signatures on the petitions.

During the course of the meeting Mayor Green gave an oratorical plea to go the bond route and stated that with the seriousness of the Korean situation material may be hard to get and the right-of-way might be prolonged.

Alderman L. Van Perkins told the Mayor that our chief and primary interest was getting the right-of-way and the Highway Department would do the rest and would probably start construction soon if we would go ahead and secure right-of-way through the city.

After almost an hour's discussion on this matter, Mayor Green insisted that Alderman Perkins put the motion in writing. Mr. Perkins made the following motion which was seconded by Alderman Milton Schiller: "I move we proceed with specific reasons for the call of this executive meeting of the City Council of Cameron that is receiving bids on the sale of warrants for the purchase of right-of-way on Highways 190 and 36 through the city of Cameron." The vote was 5-0. The Mayor called for a roll call vote.

Dr. J. S. Hubert asked in what financial shape was the city of Cameron. He was told, financially, the city was in good shape, and there was no use of delaying the right-of-way any longer.

There were six bids presented to the Council. Five out-of-town and one local.

Lester Williams, representing the First National Bank, was present with his bid.

Dittmar & Company of San Antonio made a bid of 1.853 which was unanimously accepted and voted on by the council. J. C. Welch, representing The Rauscher-Pierce Bond Company, said this was an unusual low bid and should be accepted.

For sometime there has been some misunderstanding on the petition being circulated for the council to call an election to secure the right-of-way, which would range over a long period of time. The warrants should be issued as soon as possible and progress on the right-of-way should get underway soon.

### John Muse Directs Program At Rotary Luncheon Wednesday

The Rotary Club met for their regular luncheon Wednesday November 15, with Bill Burns, president, presiding. Program chairman for the luncheon was John Muse.

The program consisted of a talk by Congressman Poage on "Conditions in the far East."

There were a number of members present and the following out of town guests: Earl Massey, Postmaster at Killeen, Judge McDonald of Hillsboro, Bob Nelson, State Field Representative of FFA of Belton, Clois Stone, PMA secretary of Gatesville, Leo J. Williams of Dallas, Charles Blake of Hearne and A. W. Klement of Hearne.

### SCOUTS READY FOR BIG ANNUAL EVENT

Cub Scout Pack 213 will sponsor a carnival to be held at the Simon-George Hall on Friday November 17 from 6:00 to 9:00 P. M. it was announced by Emory B. Camp, Cub Master.

Mr. Camp said an evening of good fun and entertainment is being planned and a number of Den Mothers and Den Dads are heading the different committees to make all necessary arrangements for this outstanding affair.

A number of interesting games has been planned and prizes will be awarded as this will be the outstanding event of the year and a large crowd is expected to attend.

Scouting is on the up-grade in Cameron and funds received from this worthwhile activity will be used to promote "Scouting." Much interest has been created among scouting during the past few years and workers in these organizations are to be commended for their efforts in scout work.

Supper will be served, beginning at 6 and all kinds of games that are popular at carnivals will be staged and a number of fun booths will be placed throughout the hall. A complete menu will be announced later.

The scouts extend a cordial invitation to the public to attend this evening of entertainment and fun.

### Businessmen Here Vote To Close On November 30th

The Chamber of Commerce announced that in accordance with the custom observed for many years, Cameron merchants will close on November 30th in observance of Thanksgiving.

Cameron business houses will remain open on November 23, and will conduct business on that day as usual. Some towns throughout the State are observing the 23rd, but Cameron merchants voted to observe the 30th, as they have in the past.

### FIRST CHAMPIONSHIP WIN SINCE 1929

The Georgetown Eagles won the 21-A District Championship Friday night at Georgetown by overpowering the Taylor Ducks by a score of 19-0.

This was the first time the Eagles had won the 21-A Championship since 1929, and approximately 5,000 fans from over Central Texas were present to witness this hard fought battle at Southwestern University's Snyder Field with a stiff northern blowing.

The Eagles outclassed and outplayed the Ducks and kept them deep in their own territory during most of the game, and scored in the first, second and third quarter. Early in the fourth quarter the Eagles put on another td drive but the ducks halted it on their 22 yard line.

The passing attack of the Eagles clicked nicely with James Orr, Eagle quarterback tossing a pass to Bailey Marshall on the Taylor 20 and going over with the play originating on the er on several bucks at the line had carried over from the three yard line in the first quarter.

The last touchdown was added in the third quarter on a 70 yard drive with Marshall on an end sweep going over with the play originating on the 17 yard line.

The Ducks took to the air in the fourth quarter but were never able to connect for any considerable yardage.

Dickey Moegle, ace back of the Ducks did some fine punting, getting the Taylor team out of trouble a number of times on some long kicks. Hafernik, Novasad and Talley and Clemmer starred for the Ducks.

### SPEAKER FOR DISTRICT CONVENTION IN TEMPLE

Acting District Commander Joe Gerick Jr., of Cameron has announced that representatives of the 24 American Legion Posts in the 11th Congressional District will meet in Temple, Saturday and Sunday, November 18 and 19, for their annual fall convention.

State Commander Bill Elkins of Killeen will return from the Department Commanders' and Adjutants' Conference to be held in Legion National Headquarters in Indianapolis, Indiana, November 13-14-15, in time to be the principal speaker at the Temple convention. On the final day of the Indianapolis conference he will be a member of the Public Relations Panel.

Delegates to the 11th District convention will choose a new district commander to fill the office vacated three months ago by Commander Elkins upon his election to the top spot in the Texas Legion at the state convention in Galveston. District Vice-Commander Gerick has been acting commander since then. The newly-elected district commander's term will expire at the next convention.

With a district quota of 4,195 members of 1951 convention delegates will plan to coordinate the district membership campaign with that of the Department which has set 113,000 members as its 1951 goal. Expansion of programs in the fields of Americanism, rehabilitation, child welfare, youth activities and community service is also on the business agenda.

Gerick has invited all member of the American Legion to attend the Temple convention.

### BURLINGTON STORE ROBBED THURSDAY

A. E. Hensel's General Merchandise store in Burlington was entered Wednesday night and around \$1000.00 in merchandise was stolen, it was reported by Sheriff Carl Black early Friday.

It was reported that approximately \$500 worth of men's clothing and around \$100 in coffee was taken in the haul. In addition to that the entire stock of bacon, tuna fish, cigarettes, cigars, and three pistols were taken, not to mention other items in large quantities.

It was understood that the thieves entered through a rear window and the merchandise was hauled away in a pickup or trailer.

The store was entered Tuesday night of this week, the burglars gaining entrance through a trap door under the floor. Nothing was taken but number of articles, including the safe were moved or turned over throughout the store. Officers investigated but no leads were found.

Mr. Black said that G. A. Searight and W. Seaman of the Safety Department out of Austin were here to conduct the investigation.

### WACO MAN DRAWS SUSPENDED SENTENCE

B. F. Matthews of Waco was tried in District court here Wednesday for theft and received a five year term in the state penitentiary. The court suspended the sentence and released the defendant under a good behavior obligation.

Matthews is one of three persons indicted by the May grand jury in 1948 with theft from a wreck on the Santa Fe railroad between Buckholts and Rogers left the state shortly after the offense was charged and only two months ago returned. He was arrested some time later and brought to Cameron for trial. Judge W. A. Morrison was County Attorney when the indictment was returned was recused and Judge Frank McDonald of Hillsboro heard the case.

The other men were Will Tom Rogers and Sam Brooker who were convicted in August 1948 and served terms in the penitentiary.

### Mesquite Control Tests Made On Tour

(By J. D. Moore, Co. Agent)

Visits were made recently to 16 of the 26 ranches in Texas on which field tests for controlling mesquite are being conducted. The off-station tests are being carried on by the ranchers under the direction of C. E. Fisher, superintendent of the Spur Experiment Station and Dale W. Young, assistant Agronomist with the Bureau of Plant Industry with the assistance of local County Agents and P.M.A.

The group making the tour, led by Fisher, included Agricultural Experiment Station, the Extension Service, chemical research men, and airplane operators.

From observations made on the tour the ester of 2,4,5-T still appears to be the best chemical for the control of mesquite. 3-4 lb. acid of 2, 4, 5-T in 3 gallons of water and 1 gallon of diesel oil gave the most consistent and promising results in all the tests studied. Included were sprouts, seedlings and small and large trees.

Mesquite on the ranches visited was sprayed by airplane during the spring of 1950. A. H. Walker, range specialist of the Texas A & M Extension Service and one of the group making the tour, says that, although it is too soon to determine the final results of spraying, the work definitely looks promising.

The immediate objective is to find a low cost method of control which stockmen can afford. For the method to be practical, the increased carrying capacity of the grazing land plus the ease of handling livestock must pay the cost of applying the control. Application cost for the ester of 2,4,5-T runs about \$3.50 per acre for both material and flying.

Spraying with an airplane is the best method of spraying the chemical mixture for controlling the mesquite when there is no danger of damaging field crops. To be most effective the chemical should be applied at tree-top height.

Mesquite spraying gives the best (turn to page twelve)

### LAST RITES HELD FOR MISS WHATLEY TUESDAY

Funeral service were held in Rogers Tuesday afternoon for Miss Mary Amelia Whatley of Rogers, who died in a Temple hospital Monday night from injuries received when she was struck by a car in Rogers October 29.

Survivors include two brothers, W. T. Whatley of Cameron and J. C. Whatley of Rogers, and several nieces and nephews.

### COUNTY YIELD LESS THAN IN 1949

A total of 18,839 bales of cotton has been ginned in Milam County prior to November 1, it was reported by J. H. Barnes, special agent.

This figure is 481 bales less as compared to this time last year and acreage restrictions as well as the drought is due chiefly to this decline in production of the county's No. 1 crop.

P. W. Davis, manager of the Cameron Compress, said early this morning that 14,500 bales of new cotton had been received at the local compress and indications were that only a small number would come in during the remainder of the season.

Milam County farmers generally are protesting the lifting of acreage restrictions as farmers in the county have learned their lesson in planting large cotton crops.

The Milam County Farm Bureau recently met and discussed the problem of continued restrictions and wired Senator Lyndon Johnson of their disapproval of the government's lifting of restrictions and their ban on exporting cotton.

Many of the farmers harvested their crops early and took advantage of high prices earlier in the season and a large number of them sold cotton for 41 cents and higher. A large percentage of farmers take advantage of the soil conservation program each year and have planted legume crops for rebuilding their soil to increase their yield per acre in 1951.

### SANTA CLAUS LETTERS WANTED AT THE HERALD

As Christmas time is drawing near and the spirit of Christmas is in the air, children over the world are contemplating and planning on what they want "Santa" to leave them under the tree or in their stocking which is found in its usual place each Christmas over the fire place.

As has been the custom in years past, the Herald will print again this year, children's letters to Santa telling him what they desire most for Christmas in order for Santa to know what they would like to have when he leaves their toys and dolls early Christmas morning.

So children, it's time to begin writing letters to Santa to make sure you will not be forgotten. Write your letters immediately after deciding what you want, mail them to this newspaper, and they will be printed immediately for Santa Claus to read and to start packing his bag.

### SCHOOL TO OBSERVE LAST THURSDAY

The Cameron Public Schools will be closed on Thursday November 30 and Friday December 1 for the Thanksgiving Holidays, it was announced by Superintendent W. T. Hanes.

The schools are cooperating with the Cameron businessmen in the observance of the last Thursday in November as Thanksgiving.

Mr. Hanes also said the schools will be dismissed on Wednesday, December 20 for the Christmas Holidays and reopen on Tuesday January 2.

There has been some confusion as to which Thanksgiving to observe in some Texas cities but Cameron always takes the last Thursday in November. The new custom of observing the third Thursday has never been satisfactory here although it has been observed by the State and National government.

Mrs. Joe Barber of Pleasant Hill spent the weekend in the home of Judge and Mrs. Ed Gunn here.

### SANTA CLAUS WILL BE IN CAMERON DECEMBER 4

Plans are rapidly taking shape for the most elaborate Christmas Parade ever held in Cameron for the afternoon of December 4th at 5:30 P. M.

A new bit of zest and color will be added to the parade this year when all the kiddies will have an opportunity to see Santa riding atop a bright red sleigh that will be drawn by his real life reindeer, Dunder, Blitzen, Prancer and Dancer.

Parade Chairman, Narvie Caperton, informed this paper Wednesday that after numerous letters and telegrams to Santa, requesting to bring his reindeer to Cameron for this big event, he had agreed to be here. This will be the first time that Santa has ever brought his reindeer to Cameron and Mr. Caperton is very grateful to the many boys and girls in Milam County who have been good all year and is one of the principal reasons for Santa's appearance.

Music for the colorful parade will be furnished by bands from the Central Texas area and immediately after the parade, there will be a ceremony for the opening of the Manger Scene in the City Park which will include Christmas songs by various groups and group singing. This program will be arranged by the Chamber of Commerce and Business and Professional Women's Club.

### FARM BUREAU MEETING HERE THURSDAY NIGHT

The Milam County Farm Bureau will have a general meeting on Thursday, November 16, 7:30 at the District Court Room, it was announced by S. W. McClaren, president.

The election of Officer and Directors will be held and the entire membership is urged to attend this important meeting.

Delegates to attend the State Farm Bureau Convention to be held in Mineral Wells on November 20,21,22 will also be elected.

Members whose Farm Bureau dues come due in 1951 may pay at the \$5.00 rate, if you pay them December 1, 1950. No time will be lost on your dues by paying at this early date.

### 21 CARS JUMP TRACK ON THORNDALE BRIDGE

THORNDALE, Texas, Nov. 12—Twenty one cars of a 75 car Missouri-Pacific freight train jumped the rails on a bridge two miles east of here early today and crashed into a 20-foot ditch below.

There were no injuries. All but two of the cars, mostly flat cars and gondolas, were empty.

Four hundred feet of track were ripped up. Power lines and trees were knocked down by car wheels which sailed as much as 50 yards.

Sheffield said it was "The least damage for a derailment of this magnitude I've ever seen." An estimate of the damage in dollars was not available.

### ROBBERS TAKE CASH AT CAPERTON'S STORE

Approximately \$100.00 dollars was taken from cash registers at the Caperton Five & Ten Cent Store on West Main when the store was robbed sometime Tuesday night.

A small amount of cash is left in the registers during the night and employees discovered the robbery early Wednesday morning.

Burglars gained entrance to the store through an upstairs window near the store room. No merchandise was reported missing.

**Homemakers Chapter  
Observe National  
F. H. A. Week Here**

The Chapter of the Future Homemakers of America began their celebration of National Homemakers week by officially installing 41 new members Nov. 1 in the Yoe High Gym. A large group attended the celebration including teachers, parents and a number of interested persons from Cameron, Walkers Creek, Ben Arnold, Marlow, Salem, Yarellton, Belmena and Burlington.

Betty Jo Harlan, president of the chapter, was in charge of formalities and was assisted by Bytha Ann Baker of Marlow who is vice-president. Other officers taking part in the program were; Mary Frances Hensley, song leader, Shirley Hariston, historian, Loretta Becker, sergeant-at-arms, Martha Swany, parliamentarian, and Laverne Michalka, reporter.

Miss Frances Vogelsang also had a spotlight on the program. She carried out a number of homemaking projects at her home last summer and has been a leading student in class activities since the beginning of the September term.

Other students present were Johnnie Faye Glass, Wallye Jan Robbins, Maxine Schuetze, Freda Rice and Joyce Provasek.

The father and mother representatives present were Mr. and Mrs. J. H. Glass of Cameron, Mr. and Mrs. J. A. Provasek of Yarellton, Mrs. Bill Becker and Mr. and Mrs. Ralph Michalka, of Cameron.

Other activities planned as a part of National F.H.A. Week were an assembly program, making hot rolls for the lunch room, helping with the homecoming reception and a party for the initiation of new members in an upper classmen manner to be held sometime in the near future.

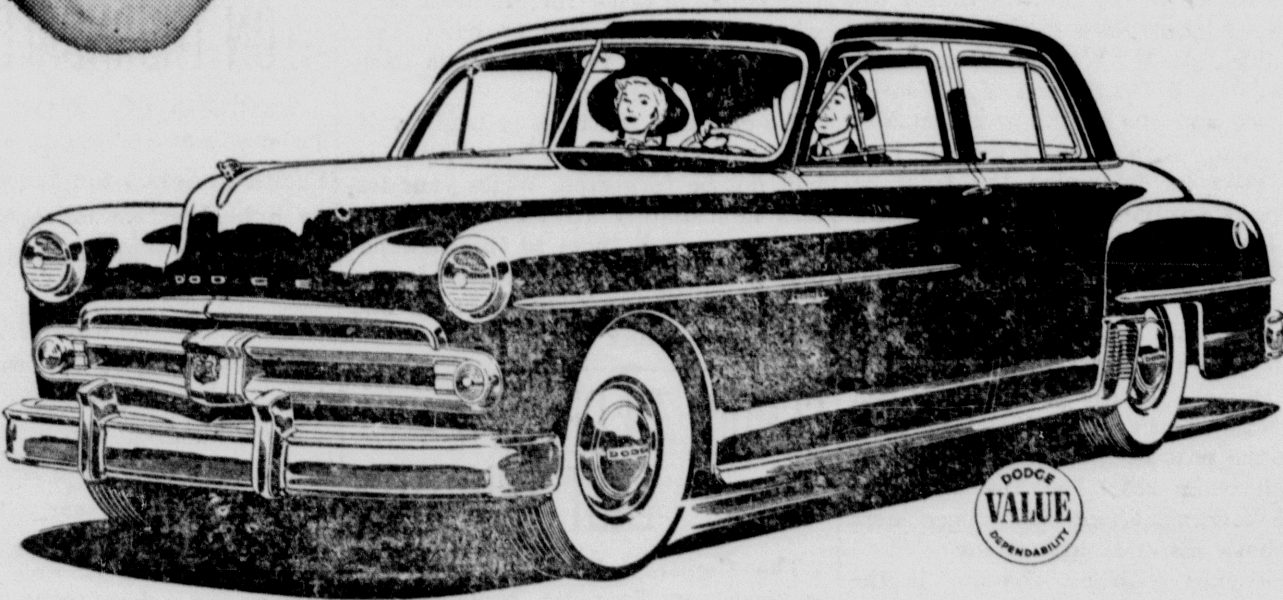

C. L. Reddus of Schulenberg is ill and a patient at Newton Memorial Hospital for a few days.

In Education • 1876-1951

Our first state college—Texas A. and M. is now in its seventy-fifth year

Believing that every Texas boy of outstanding ability should have a chance to get a college education if he really wants one, former students of the A. and M. College of Texas five years ago made up a fund to finance their first Opportunity Awards. They offered any Texas boy who graduated from high school with an excellent record and who could not go to college without financial assistance a chance to win a scholarship paying \$200 to \$400 a year plus a student job if he needed it, to help him through college. Selections were made on the basis of scholarship, character and need, with a competitive examination as the deciding test. Sixteen boys won Opportunity Awards the first year and have graduated from A. and M. with outstanding records. Many Texas leaders have become interested in the plan and have given scholarships. This year there are 200 Opportunity Award boys in school at A. and M., from all over the state. One of the newest of these scholarships was financed by gifts from the current student body of the college.

Mrs. John Hefley of Gause underwent surgery recently at Newton Memorial Hospital and is improving nicely.

Mrs. Harold Thomas who underwent surgery recently at Newton Memorial Hospital is improving nicely. Her many friends are wishing for her a speedy recovery.

Friends are wishing a speedy recovery to Mrs. Mary McGolderick who is ill and has been a patient at Newton Memorial Hospital for several days.

Dorothy Jean Matthews, formerly employed with New Cameron Drug, is now on the employment staff at Newton Memorial Hospital.

William Warren and Lonnie Armstrong left Monday night for California where they will be visiting for several weeks and are contemplating making their home there.

## U. S. PLANES ATTACK IN SWARMS ON ENEMY

SEOUL, Thursday, Nov. 9.—United Nations and Communist forces both rushed reinforcements to the front Thursday and a large scale battle that may be the Korean war's decisive struggle seemed imminent.

More than 300 U. S. planes, including 79 Superforts, pounded the Sinuiju supply route to Manchuria, blasting Yalu River bridge approaches and setting aflame the city which lies at the frontier's southwest corner.

Other Allied planes attacked a huge Communist convoy of 700 vehicles moving toward the Chongchon front line from the Manchurian border. Very heavy traffic was also reported on the Manchurian side of the Yalu River frontier.

The intensified aerial war also brought history's first all-jet air battle when four American F-80s, outnumbered at least two to one, shot down one Russian-type MIG-15 and damaged another. The Americans suffered no loss.

With the landing of the U. S. Army's 3rd Infantry Division at the east coast port of Wonson, at least elements of all American divisions in Korea were in battle position or in close reserve.

An artillery battalion of the Marine Division, however was still reported encircled at Yonghung, 50 miles to the south. Yongchon lies midway between Wonsan and Hamhung.

Marines advanced three miles in their push to the Fusen reservoir while other elements were just south of Kotori, eight miles from the tip of the Chosin reservoir. They repulsed a heavy enemy attack early Tuesday after severe hand-to-hand fighting.

A Wednesday night U. S. 5th Air Force announcement listed 101 enemy vehicles knocked out by airmen during the day in the northwest. The bag included 14 tanks totally destroyed and six disabled.

The Air Force also announced that 42 enemy planes have been hit by American fighters since the Communists renewed their air war Nov. 1.

## "GOOD OLD DAYS" ARE REVOCATED BY NORTHER

The squealing of swine from the axe or the pop of a rifle will be heard in many a hog pen this morning as Pa and the oldest son grind the axe for a hog killing and Ma will clean the necessary vittles that were put away last year, and haven't been used since.

The second norther usually inspires Pa and the kids for a mess of spare ribs and pork sausage and since the sap in the trees has begun to retard and jack frost is just around the corner Ma keeps nagging Pa for some fresh pork.

Of course that was in the "good old days." Now Pa rushes into town pulling his trailer behind his Cadillac and takes the hog to the butcher for slaughter and the locker plant for processing as Ma has taken up Canasta and the oldest son attended the Jaycees meeting last night and is too sleepy to arise in the morning and help Pa load the pigs and big sister had a date last night with Charlie and has to stay in bed to

get her beauty nap.  
Poor ole Pa, the load is on his back and what a struggle for him but he must remember he is supposed to bring home the "bacon." And "Ole Bess," the maid, will have to render the lard as it makes the best biscuits and pie crust that can be had in those mince meat pies she makes.  
After the day is through and all are happy, Pa throws another log on the fire and tells another story of how his grandpa used to make the best wine in the county to put over grandmas delicious fruit cake.  
Boys, those were the "good ole days."

### Cameron C Squad Finishes Season With Win Over Rosebud

The Cameron C Team defeated the Rosebud C team here Tuesday November 7, 24-6 it was announced by coach Don Ross.

The Cameron team, midway the first period, scored their initial touchdown with Charles Shuffield tossing Jimmy Retig a pass on the Rosebud 25 yard line and Retig raced the additional yards for the score.

During the second quarter both teams put on a drive but neither could score as each team held good on the defense and both teams were forced to punt several times. Cameron passed a few times but were unable to connect for enough yardage to score. Cameron fumbled once but Rosebud could not capitalize as their defense stiffened.

After about three minutes of play in the third quarter, Shuffield again found Retig with another aerial who took it on the Rosebud 30 yard line raced over for the second td, making the score 12-0.

Late in the third period Rex McClaren, Cameron's Tackle, recovered a Rosebud fumble and this started another touchdown drive, in two plays Wayne Clark maneuvered ball down to Rosebud's 35 and the next play took a pass on the 32 and galloped for the third touchdown.

After an exchange of punts Donald Shuffield intercepted a pass on the Rosebud 25. Cameron then changed its formation to the single wing as the Rosebud team was holding on the spread formation, and again Shuffield found Clark for a touchdown pass as the Cameron boys were blocking out nicely which enabled Clark to race 40 yards for the final score.

Every man on the Cameron squad played in the game with Gabriel Cavazos outstanding in the line.

Joe Lee Heitman was elected captain for the season and Charles Shuffield and Gabriel Cavazos captains for the game with Rosebud. The C Squad finished the season with five wins and one defeat.

### New GMC Trucks For Red Ball Motor

PONTIAC, MICHIGAN — Ready for delivery to the Red Ball Motor Freight, Inc., of Dallas, Texas are these 12 GMC model 650 Diesel truck-tractors, announced last summer as GMC's newest economy for heavy duty haulers. Thirty of the new Diesels have been ordered by Red Ball, whose President, Henry E. English, recently became Chairman of the Board of Directors for the American Trucking Association.

### YANKS ARE DRAWING NEAR MANCHURIA

TOKYO, Tuesday, Nov. 14—Allied planes poured machinegun and rocket-fire into defending Communist troops as United Nations forces moved ahead cautiously to within 25 miles of Manchuria at one point.

Fighters and light bombers, concentrating mainly in the area in front of the expanding Chongchon River bridgehead, also went out to attack the enemy with jelled gasoline bombs.

In northeast Korea American troops seized a bridgehead only 25 miles from the Manchurian border.

An Air Force spokesman said B-29 Superfortresses also went into action again as the Allies sought to seal off the Communist supply lines from Manchuria. A Navy spokesman said carrier-based aircraft also joined in the assault.

With Superforts and carrier planes concentrating on Yalu River bridges and communications centers for enemy troops in the last few days, a U. S. headquarters spokesman said the movement of Red supplies from Manchuria had dwindled in the last 48 hours.

Front reports persistently maintained that Chinese Communist, stationed just behind North Korean troops who were directly opposite the slowly advancing Allied forces, were preparing strong defensive positions. High level declined to comment on the reports.

The Far East Air Forces reported that spans of two Yalu River bridges were knocked down by Monday's Superfortress attacks. The best ground advance in northeast Korea was made by the U. S. Seventh Division, which stormed over the Ungi River 25 miles from the border.

A U. S. First Corps spokesman said an estimated three Chinese Red armies of three divisions each were massed in front of the First Corps sector in the northwest.

A U. S. First Corps spokesman said an estimated three Chinese Red armies of three divisions each were massed in front of the First Corps sector in the northwest.

A bitter back-and-forth fight raged in one sector of the northwest front as South Korean troops struck far back to regain ground lost in a Communist counterattack Monday night. American, British and South Korean troops, gained up to four miles in the limited offensive in that sector.

Americans battled through bitter Korea in the worst storms of the Win-snowstorms which lashed northeast The U. S. Marines moved forward

### Cattle Meeting Attracts Large Crowd Here

Approximately 250 ranchers and farmers attended the Cattlemen meeting held at the Simon-George Hall Wednesday November 8, it was disclosed here this morning by Leo Fuchs.

Mr. Fuchs said that all sections of the county were represented and discussions on different phases of cattle raising were held.

Blake Pullen, southwest director for Purina Feed was the chief speaker of the evening and gave an informative discussion on range and beef type cattle and pointed out in his talk many important points in cattle production.

Door prizes fell to Roy Hensley, Mrs. Lora Price and J. E. Terry.

Mr. Pullen said that meetings of this kind were being held over the entire southwest and have proven very satisfactory and beneficial.

Mr. and Mrs. E. H. Bell of Belton visited her parents, Mr. and Mrs. T. F. Cloud, Sr. over the week end.

# 200,000 freshmen can't be wrong!

We believe that something has happened in 1950 that you should take to heart.

Ever since this year's Buicks were introduced, their big bulge in sales has come from people who traded other makes of cars for this bounteous beauty.

The total is more than 200,000.

That's 200,000 "freshmen" added to the roll call of Buick owners—200,000 people who must have sized up the current version of the cars they owned, and decided that Buick offered more thrill, more comfort, more satisfaction for the money.

Beyond that, of course, there were other hundreds of thousands who already owned a Buick and bought a new one

this year. But we're speaking here of new owners only.

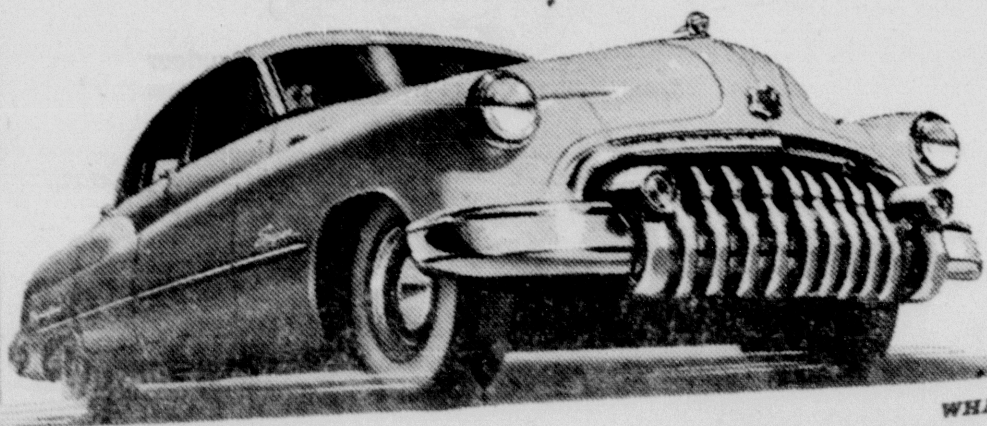

We can name many reasons for this landslide — including Fireball power — an incomparable ride — and Dynaflo Drive.\*

We can remind you that the Buick SPECIAL, SUPER and ROADMASTER just about blanket the range of a car-owner's aspirations—matching prices with many sixes in the lower brackets—matching distinction with the finest in the fine-car field.

We might add that Buick prices are doubly attractive—since their list prices include many features customarily on the "extra" list.

But why try to spell out all the reasons Buick wins in a showdown? The proof of the pudding is in this great car itself. Better come in—look it over—and find out what an unbeatable buy it is.

\*Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

## Christian Fellowship Council Meets Here Tuesday Night

The Women's Christian Fellowship Council of the First Christian Church met Tuesday night November 7, in the basement of the church.

The program was opened with a prayer by Mrs. Wendell Carr, followed by a vocal duet, "Sweet and Low," by Mrs. W. G. Harsha and Mrs. Bert Nicholson.

During the course of the program, a style show was given by the husbands of the members, featuring the many styles of ladies hats, with the prize going to Bert Nicholson. Everyone also enjoyed a sketch of several members of the council, described in a poem by Mrs. Morris Epleen.

There were approximately 16 members and their families present for the occasion, and all enjoyed chicken spaghetti served with salad, pie and coffee.

The benediction was a prayer given by the council members.

## Elected To Eighth Term as Health Officer

DR. GEORGE W. COX

The Texas State Board of Health has elected Dr. George W. Cox of Austin to his eighth consecutive two-year term as state health officer.

The vote of the nine member board was unanimous in favor of keeping Dr. Cox in the post he has held since 1936, the longest tenure in the 70-odd year history of the State Department of Health.

Dr. O. B. Kiel of Wichita Falls, chairman of the board, called Dr. Cox, "outstanding among the health officers in the nation."

Dr. Cox has aligned with the public health movement in Texas throughout his professional career. He is a former member of the State Board of Health. His medical degree was conferred at Tulane University.

A 500 per cent increase in the number of local health units has occurred under the administration of the veteran health chief who strongly advocates decentralization of the states health facilities "so people can get to them."

He is a past president of the United States-Mexico Border Public Health Conference, a diplomate of the American board of Preventive Medicine and Public Health, and a member of the American Public Health Association, American Medical Association, and the Texas State Medical Association.

ciation.

He is also director of the Division of Emergency Medical Services and Public Health within the framework of the State's civil defense organization.

## Nurse Tells How Hadacol Was So Helpful To Her

Supplied Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Niacin Which Her System Lacked

—elements so vital to help maintain good health and physical fitness.

Why These Vitamins and Minerals Come In Liquid Form

There's a very good reason why HADACOL comes in special liquid form. These precious Vitamins and Minerals are more easily and quickly absorbed into the blood stream this way—ready to go right to work. A big improvement is often noticed within a few days.

Don't Be A 'Doubting Thomas'

After reading Mrs. Adele's wonderful experience with HADACOL—how can you doubt that this great new nutritional formula will help you if your system lacks Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin?

What HADACOL did for Mrs. Adele, it can do for you if you're troubled with aches and pains in the shoulders, legs, and arms, certain nervous disturbances, insomnia when due to an upset stomach, stomach distress and a general run-down weakened condition due to such deficiencies.

So what are you waiting for? Don't you see that HADACOL is the kind of product you need—the kind you should buy and the kind you should start taking immediately!

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin content of your blood (when Iron is needed) to course through your body, carrying these great health-building elements to every body organ. No wonder HADACOL helps you feel wonderful.

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief may be as close at hand as your nearest drugstore if you suffer a deficiency of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron. This great HADACOL is inexpensive, too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. © 1950, The LeBlanc Corporation

Why HADACOL Gives Such Fine Results

HADACOL does not bring just symptomatic relief. HADACOL now makes it possible to actually relieve the cause of aches and pains in the shoulders, legs and arms, certain nervous disturbances, and a general run-down weakened condition due to deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron in your system.

HADACOL not only supplies deficient systems with extra quantities of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron, and Niacin but also helpful amounts of important Calcium and Phosphorus

## YOUR ONE TIRE INVESTMENT... FOR MANY YEARS TO COME

## "CAN WE MAKE ENOUGH OF THEM?"

Never in our history has there been such demand as we have experienced for the Mid-Century ROYAL MASTER and the new U. S. NYLON LIFE-TUBE!

People have asked us whether we'll be able to make enough of them to go around.

The answer is—we have never been able to make enough of them. They have been "selling out" as fast as we could make them.

Of one thing you may be sure—we will

make all of them we can in keeping with all official limits on rubber supply.

OUR BEST ADVICE WOULD BE—keep in close touch with your own neighborhood U. S. Royal Dealer. He will do his utmost to give you these exclusive Master and Life-Tube qualities—never known or possible before.

He will see you safely and comfortably through the months and years ahead and we, of course, will do our utmost to help him.

## Ex-Marines Have Chance For Old Rank

Ex-Marines can now re-enlist in the Marine Corps and retain the rank held at discharge, according to Master Sergeant Joseph Coreno, non-commissioned officer in charge of Marine

recruiting in Austin.

In making this announcement Sergeant Coreno stressed that this applies to those men who are not now members of the Marine reserves. Reservists must apply to the Director of the 8th Marine Corps Reserve District in New Orleans for active duty assignment.

Non-reserve ex-Marines will be enlisted in the Marine Corps reserve and assigned to immediate active duty by the recruiting duty and transferred to Camp Pendleton, near Ocean-side, California, for placement and retraining, Sergeant Coreno said.

The Marine recruiting office is open seven days a week and is located in the County Court House Building in Austin.

Mr. Grady Fikes visited his sister, Mrs. Johnson of Chilton, Sunday, who has been ill for several days.

**Friday**—"Daughter Mary Ann makes plans for a formal dance. Big event."

**Friday**—"Ed, my husband, called to tell me he'll catch a later bus from the city. Saves me a wait at the bus stop!"

THERE's a pleasant bustle of family life in the home of Mrs. Ida Bianchi, on the outskirts of Oklahoma City. And the telephone is right in the middle of everything.

Mrs. Bianchi proved that by keeping track of all calls, in and out, for five days. She's a substitute school teacher, mother of a teen-age daughter,

and does a lot of work for charity, so her telephone runs a variety of errands.

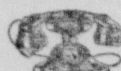

Even she was surprised to see how many there were, and how little they cost—only 1½¢ a call!

"The telephone is a BIG help to me," she says. "It's certainly a bargain

when you stop to think of the time and steps it saves!"

Dobbs of Buffalo, Buddy Dobbs and Wynona of Houston and the Russels and the Richersons.

### Top Game Of Week At College Station

A rebounding team of Rice Owls and the great Texas Aggies will meet on Kyle Field Saturday afternoon in A&M's final home game of the year.

For the Owls it will be another chance to lift themselves by their shoestrings from the cellar, while for the Aggies they will be seeking to remove the last major obstacle before the Texas Longhorns and a crack at the Conference crown.

Both teams have conference wins behind them for this past weekend, with Rice downing the Razorbacks 9 to 6 and the Aggies outscoring the SMU Mustangs 25-20. So far Rice has one conference win to two losses, and A&M has three wins to one loss, the one loss going to Baylor who upset

the Aggies during the Baylor homecoming. Rice has a season total of five victories to two defeats, while A & M has six wins to two losses.

The coming game will again feature one of the better passers in the conference, Vernon Glass of Rice, and the running game of A&M. Though Aggie quarterback Dick Gardenal has one of the better passing averages to date the A&M team has counted on its running attack.

With interest swinging from the Mustangs to the Aggies as potential challengers for Texas' top spot in the conference, the game Saturday could become a sell-out as is the Turkey Day game in Austin. Early last week the A&M Athletic Department was selling seats around the bend of the horseshoe at Kyle Field.

Although the Aggies show a great lead over the Owls in an all-time record—20 wins, 11 losses and 3 ties—A&M has been lagging far behind in the win column in recent years. Not since 1944 have the boys from Aggeland taken a victory from the Owls.

The series of games between Rice and A&M began in 1914 when the Aggies invaded Houston to take a 32-7 win over Rice. Meeting annually thereafter, the two teams swapped game for game until A&M pulled ahead in a long series.

The Owls have been riding high in their series with A&M since 1945. In 1947 the flock rung up a 41 to 17 score over the Aggies, the highest score made in the 34 game series. The Aggies beat Rice 32 to 7 in 1914 for A&M's highest score.

Saturday's game could be compared

with the 1948 meeting of the teams on Kyle Field. "Armchair quarterback" had it figured like this: A&M they thought, had a better running game than did the Owls, but Rice had the better passing game. If it rained, then the Aggies would stand a good chance of outchargin' the slippery handed Owls.

History tells the results of that 1948 game. An unexpected rain did drench the field, and the teams met in a regular quagmire. But the expected did not happen. The Owls utilized a running attack to outscore the Aggies 28-7.

The coming game will again feature one of the better passers in the conference, Vernon Glass of Rice, and the running game of A&M. Though Aggie quarterback Dick Gardenal has one of the better passing averages, to date the A&M team has counted on its running attack.

## YOEMEN FINISH THIS SEASON WITH VICTORY

The Yoemen finished in third place in the 21-A district football conference by defeating the Rosebud Panthers 47-0.

The Yoemen started the fireworks about midway the first quarter when Ray Thompson, defensive back, intercepted Paul Zipperlin's pass on the Cameron 40 yard line and raced the distance for the initial score. Glenn Rosenberg missed the second try for extra point as a penalty resulted on the first try which was good.

Several plays later Zipperlin missed his target again, this time Rosenberg intercepting on the 45 yard line and was bumped out of bounds on the 20. Eddie Lankford on the next play off tackle added 10 more yards and Eldon Batte cracked over on the next play. Glenn converted making the score 13-0.

During the second quarter the Pan-

thers stiffened and held the Yoemen on a touchdown drive that started with Rueben Tamez intercepting a pass on the Rosebud 30 and galloping to the 2 yard line before being hauled down from behind. No further scoring resulted in the first half.

Shortly after the second half got underway Frank Malone intercepted another Panther pass at midfield and sprinted to pay dirt for the Yoemen's third interception resulting in a touchdown. Glenn added the P.A.T. kicking it squarely between the uprights.

After an exchange of punts Lankford took a Rosebud punt on his 35 and handed off to Rosenberg who broke into the clear at midfield but was finally brought down on the Panther 30 yard line. On the next play Eddie found a hole over left tackle, broke into the Panther secondary, shaking and twisting as he went over for the score. Rosenberg again converted, making the score 27-0.

Three minutes later Rosenberg took a punt on his 37 yard line and behind perfect blocking with Nathan Offield throwing the key block, outran the Rosebud eleven in a sensational run back for the td.

Glenn's try for extra point was nullified on a penalty but his educated toe wouldn't be out done and he kicked it again.

During the final quarter the Yoemen added two more touchdowns with Lankford returning a punt to his 45 there he line they maneuvered the ball yard line. On several tries at the Pan-down to the Rosebud 30 with Batte, Lankford and Johns carrying. Rosenberg pushed over right tackle, broke through the secondary at the 10 and raced on over for the score. He also added the extra point.

The final Yoemen touchdown on a td drive with Biskup, Logan, Rosenberg and Thompson carrying, hammering the Panthers with 6 and 8 yard plunges maneuvering the ball down to the Rosebud 3 where Logan carried over for the Yoemen's final td of 1950. Glenn's try for point was blocked.

The Yoemen's defense clicked extremely well which enabled the fast running attack to score so successfully as the blocking was the best seen in any game this season. The entire team played heads up football and are to be congratulated for their performance in the past several games as their defense and offense has improved as the season progressed.

Coach Paul Smith and Line Coach Dick Young have finished another good season with the Yoemen and their efforts have been appreciated by loyal supporters and football fans here and throughout the county as they have encouraged sportsmanship and clean football playing among the boys.

Guests in the home of Mr. and Mrs. T. F. Cloud Sr., over last week end were their sons, Colonel G. H. Cloud who is with the Marine Corps in Washington D. C.; T. F. Cloud, Jr., and sons, Leonard and Frank of Wortham; John L. Cloud of Houston and Byron Cloud, also of Houston.

## UNBROKEN LINE OF DEFENSE ACROSS KOREA

TOKYO, Monday, November 13, United Nations forces moved forward on a broad front against the Communists in Norehern Korea today as they linked up to form a solid east-west line across the country.

Troops pushed off at first light of dawn, and the advance all along the 250 mile battle front was cautious but steady. Units on both flanks sought to avoid any possible entrapment by the enemy.

An American First Corps spokesman announced that the long-awaited east-west junction of the 10th Corps and Eighth Army in Central Korea had been completed Sunday night when a battalion of the U. S. Third Division linked with units of the South Korean Second Corps near Habonsanoni. That village is located 31 miles inland from the East Coast, between Hamhung and the Northwest front.

The dawn drive began only a few hours after Chinese Communists threw South Koreans back as far as five miles in the central area around Tokchon.

The First Air Force reported that U. S. F-51 Mustangs strafed enemy troops moving northeast out of Hui-chon along the Chongchon River. Hui-chon, a vital road center 30 miles north of the United Nations central front lines, was lost to the Communists three weeks ago.

Communists killed by the plane attack were estimated at 1,000.

The South Korean Seventh Division launched supporting attacks Monday morning to push back the Communist force which had driven more than two miles south of Kunu to the Tokchon

## BONDSMEN TO BE HERE TONIGHT FOR SESSION

(From the Daily)

The Cameron Water Department continues to bring in revenue for the city with a total of \$2,527.11, net earnings for the month of October, it was reported by L. W. Smith, manager.

Gross income for the month amounted to \$4,007.97 with the following expenses deducted: salaries \$792.50; office expense, \$82.54; car, \$7.25; plant operation, \$429.10; stock issue, \$233.34 and maintenance and repairs, \$5.25 resulting in a total expenditure of \$1,550.86 for the month.

If the present average of revenue is maintained throughout the year, the Water Department will show a profit of \$25,000 to \$30,000 a year and revenue derived from this source could be used in a number of ways to benefit the city.

A number of bond companies will have representatives at the called meeting of the City Council tonight, it was announced by alderman L. Van Perkins early this morning and progress on the all important right-of-ways on Highways 36 and 190 through the city may get underway shortly.

Alderman August Kunz, member of the committee in securing deeds said this morning that not a single deed has been received at the City Hall but progress on the right-of-way would soon get underway.

The City Council has been delayed and after issuance of the warrants should complete plans on securing the right-of-way since there is still a possibility of losing right-of-way construction.

## Social Security Law Amended For W W II Service Men and Women

An important phase of the amended Social Security law—one that went into effect on September 1, 1950—is that relating to the World War II veteran, and to survivors of both men and women who served in World War II.

What are the new provisions for World War II servicemen? To begin with, they give \$160 wage credits for each month of active service between September 16, 1950 and July 24, 1947. Recomputation to take these wage credits into account will be made, and such recomputation is used in all cases where it will result in higher old-age or survivors insurance payments.

The new provision is not affected by any compensation or pension that may be paid by the Veterans Administration. The only cases where the \$160 service-connected wage credits will not be given are those in which benefits, other than a lump sum, are payable under some other Federal Plan, for instance, Civil Service or Railroad Retirement. The \$160 wage credits will be given to every serviceman who had 90 days or more of military or naval service, within the dates mentioned, and whose discharge or release from service was not dishonorable. The 90-day provision does not apply if discharge was caused by injury or disability, or death occurred while in service.

Obviously, this \$160 a month service-connected wage credit of the new Social Security law will bring larger benefits to present survivors of servicemen and to the families of veterans who die within the next few years. Also, many World War II ex-servicemen, now in the 50-60 age group, will acquire old-age and survivors insurance status through these service-earned wage credits.

In its broader aspect, this provision of the amended Social Security Act will enable many veterans to regain social security status built up before the war. Also, it will help establish these insurance rights for veterans who never worked in social security covered jobs before entering military service.

## CHINESE REDS SENDING IN REINFORCEMENTS

SEOUL, Friday, November 10—Six new Chinese Communist divisions, representing 60,000 of Red China's vast 500,000 man army massed in Manchuria, were reported marching toward the Korean fighting front Friday.

To delay movements of additional reinforcements across the boundary line Yalu River, hundreds of American war planes attacked bridges, towns, and villages where enemy troops were concealing themselves on the Korean side of the border.

U. S. Navy Panther jet planes from Task Force 77 fought their first dogfights with 600-mile-an-hour Communist built jets Thursday. One of the enemy jets was shot down in the second all-jet battle of the Korean war.

The fighting front itself was relatively quiet as U. S. 24th Division patrols cautiously probed north of the Chongchon River line for the suddenly withdrawn hard core of 60,000 Chinese Red troops already in Korea.

Gen. Douglas MacArthur's headquarters spokesman in Tokyo estimated there were 50 Chinese Communist divisions based in Manchuria, apparently ready to move across the border if ordered to do so.

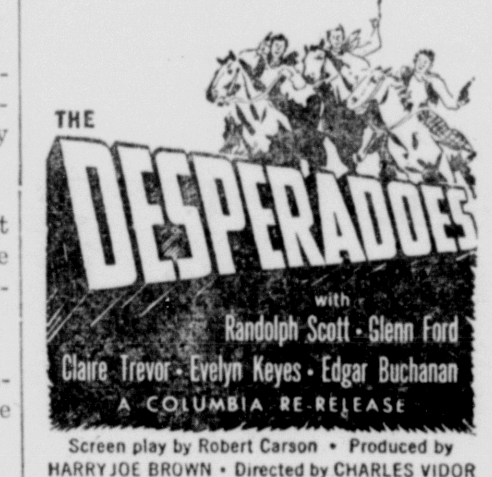

American officers on the fighting front frankly were puzzled by the enemy withdrawal after the violent counterattack less than a week ago on the Allied positions just north of the Chongchon River.

However, the spokesman at General MacArthur's Tokyo headquarters attributed the enemy withdrawal to the heavy punishment inflicted on Red forces by United Nations ground and air attacks. He expressed the belief that the enemy pulled back to await reinforcements.

### METER REVENUE UP

Revenues from Cameron parking meters were up some with a total of \$212.23 it was reported Friday morning.

Officials at the City Hall said this total is good since the cold weather has set in.

## COLD BLAST BRINGS LOW TEMPERATURES

The first real cold front of the season moved into this area late Wednesday night, with a low temperature of 45 degrees reported early Thursday by L. W. Smith, Manager of the City Water Works and government observer. By Friday morning the temperature is expected to drop to around 32 degrees. A high of 89 degrees was reported in Cameron Wednesday.

The fast-moving cold front hit Waco at 10:30 P. M. Wednesday, just three hours after it swept into Fort Worth.

Within an hour, the frigid air mass dropped the temperature 17 degrees, from 72 to 55, and it continued to drop during the night.

Some occasional rain was forecast earlier, but before the front moved in, a shift in winds ahead of it brought

The Cameron Herald

in dry southwesterly air to lessen the possibility of rain.

The frigid air mass out of Canada took approximately 36 hours to reach Central Texas. It was similar to the cold mass of a week ago, except it brought snow to the Mountain States, and was accompanied by more moisture.

Guests in the home of Mrs. D. C. Conner over the week end were Mr. and Mrs. M. M. Conner and sons, Lester and James of Arlington.

Mrs. Lillie Winston is ill and confined to Newton Memorial Hospital for a few days.

Mrs. John Darwin and son John Carol, and Mrs. Emma Moore of Texas City visited in Cameron over the week end.

**We Ask That "Fares" Play Fair**

Judge Cunningham was telling about a taxi ride he took over to the County Seat last week. The cab was all littered with cigarette butts, plus candy and gum wrappers. This annoyed the Judge and he spoke to the driver about it.

To his surprise the cabman answered right back. "Don't blame me," he said "Fast as I clear this taxi out, the fares just mess it up again. I like a clean cab as well as anybody, but a man has to have some co-operation!"

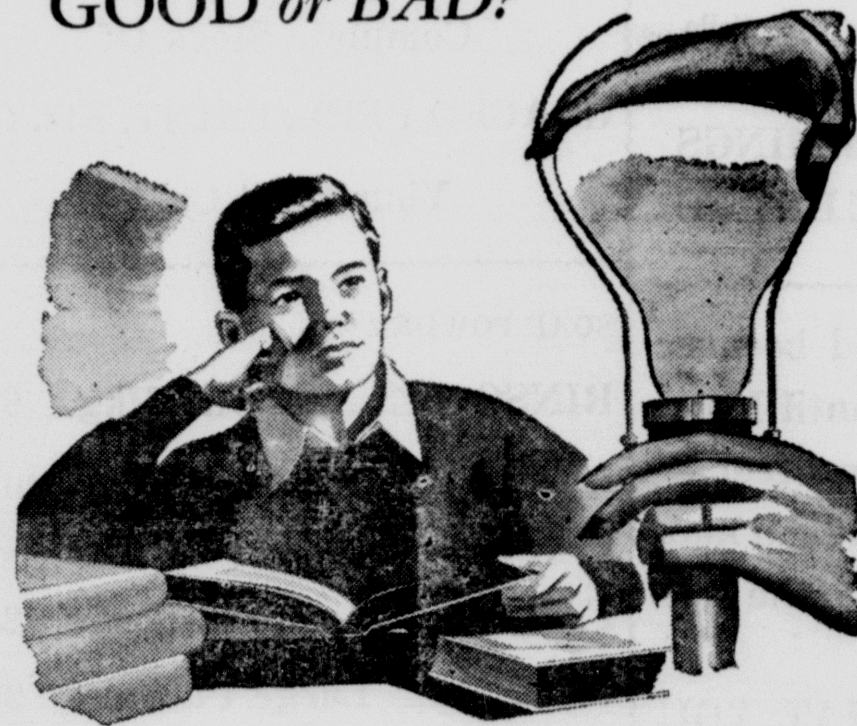

Judge figures the fellow was in the right, and maybe we ought to do a little campaigning with the public. I agree with him—that's why I'm writing this article.

From where I sit, it's important for us to remember the fellow who's going to get in the cab after we leave it. Because he pays the same as we do, he's got the same right to a clean, comfortable ride—just as he has the same right to enjoy the beverage of his choice (be it coffee, beer, lemonade, or what have you).

## Is your home lighting GOOD or BAD?

## Let us check it for you...

SO OFTEN, the value of better light is overlooked. It is the most essential electric service in the home. Directly or indirectly, it affects health, happiness, education, comfort, convenience...in fact, every phase of your well being.

A TP&L Home Lighting Specialist will be calling at your home soon. The purpose of the visit is to help you make better use of the lighting equipment you now have. Ask her to come in and check your lighting...this service is absolutely free! She will suggest the proper size and type bulbs for every seeing task. So many times, old lamps cause eyestrain with resulting headaches because they do not provide proper quality of light...the Home Lighting Specialist will demonstrate how old lamps can be modernized and made more efficient, by simply changing the old lamp harp and switching the bulb to the new R-40 white lamp.

If you would like to have a TP&L Home Lighting Specialist check your lighting right away...call your Texas Power & Light Company office.

# Time to buy trucks on something besides hearsay!

You can't afford to buy trucks by guess-work today. What you carry—how far and fast you carry it—under what road and traffic conditions—all must be considered in specifying the right truck for you in times like these.

That's our specialty as a GMC truck dealer—we are first and foremost transportation engineers. Our one aim is to recommend the exact combination of engine, frame, axles, transmission, cab and optional equipment that is best suited for your year-round hauling requirements.

Come in and see us—whether you want a 1/2-ton pickup or a giant Diesel 90,000 lb. GCW six-wheeler. We can give you exactly the right truck—designed for longer mileage with less maintenance expense—and it will be a real truck, engineered for your type of work.

That's why GMC sales are greater today than ever before. Truckers find they are best in the long haul. Let us show you why.

Here is the easy recipe for these Thanksgiving Pop Corn Threats—try it, serve it to your Thanksgiving guests.

MIX one cup sugar, 1-3 cup white corn syrup, 1-3 cup water, 1-4 cup butter and 3-4 teaspoon salt and cook in sauce pan, stirring until the sugar is dissolved.

CONTINUE COOKING without stirring (270 F) until the syrup forms a brittle ball in cold water.

ADD 3-4 teaspoon vanilla and stir only enough to mix it with the hot syrup.

MESQUITE CONTROL—

(Continued from page one) results when the chemical is applied in the spring at full leaf stage, which will be 6 to 8 weeks after the first leaves appear. This compound has been known to drift as far as 8 miles in a high wind. Although 2,4,5-T may do wonders when properly applied, Walker reminds stockmen that carelessness in applying may result in lawsuits and possibly outlawing of the chemical.

Grass will not kill mesquite, but giving grass a chance to seed out on sprayed area will materially reduce the number of sprouts and seedlings. If an operator cannot rest the pasture the growing season following spraying, Walker advises to at least stock it lightly. Proper range management following mesquite spraying may double the length of time that

TIME POPPED CORN in a large mixing bowl, and mix with one cup mixed raisins, nuts and candied cherries (gum drops may be preferred to the candied cherries).

POUR THE COOKED SYRUP over this mixture very slowly, mixing well as you pour.

WET THE HANDS and shape part of the mixture into small pop corn balls, using only enough pressure to make balls stick together. Place the balance of the mixture in a square cake pan, and using a wet knife, cut into bars or squares.

the treatment is effective. This may be the difference between profit and loss on the operation.

He emphasized that the work on chemical control of mesquite is still in the experimental stage. Walker concluded with the statement that control tests on other species of brush are also in progress, but havenot reached the advanced stage of mesquite research.
